

Module Description, available in: EN

Servitization of Manufacturing

General Information

Number of ECTS Credits

3

Module code

TSM_ServMan

Valid for academic year

2020-21

Last modification

2019-11-07

Coordinator of the module

Shaun West (HSLU, shaun.west@hslu.ch)

Explanations regarding the language definitions for each location:

- Instruction is given in the language defined below for each location/each time the module is held.
- Documentation is available in the languages defined below. Where documents are in several languages, the percentage distribution is shown (100% = all the documentation).
- The examination is available 100% in the languages shown for each location/each time it is held.

Module Category

TSM Technical scientific module

Lessons

2 lecture periods and 1 tutorial period per week

Entry level competences

Prerequisites, previous knowledge

Please read the following books before joining the class:

Chrisitan Kowalkowski & Wolfgang Ulaga. Service Strategy in Action: A Practical Guide for Growing Your B2B Service and Solution Business. March 2017. ISBN: 9780692819104.

<http://servicestrategyinaction.com>Editors: **Kohtamäki**, M., **Baines**, T., **Rabetino**, R., **Bigdeli**, A.Z. (Eds.). (2018). Practices and Tools for Servitization -Managing Service Transition. Palgrave.<https://www.palgrave.com/us/book/9783319765167>

Brief course description of module objectives and content

This module will help students to understand how a manufacturer changes its business model to provide a holistic solution to the customer, helping the customer to improve its competitiveness, rather than just engaging the sale of product. Much of the course is based around the transition from pure products to provide product service systems in basic and advanced forms.

Aims, content, methods

Learning objectives and competencies to be acquired

- To gain an appreciation of the role of servitization in the competitive landscape
- To create innovative value propositions by designing new service offerings and by drawing the customer journey
- To design an integrated ecosystem for services and products
- To understand the move towards a service mind-set
- To develop price strategies for services
- To manage the core processes for successful service delivery
- To manage risks and business benchmarking to identify improvement areas

Module content with weighting of different components

- Lecture 1 Introduction to the module
- Lectures 2&3 Part 1 - Industrial services
 - Typical services that exist today
 - Aftersales
 - The service mind set
 - Example use cases
 - Input from theory and from practice to show how richness of the services.
- Lectures 4-9 Part 2 - Service design for value creation
 - Customer value proposition in services
 - Customer ecosystems and market segmentations
 - Customer journey mapping and blue printing
 - Service selling and pricing
 - Modularity in services
 - Customer business processes
 - Integration of IOT into customer value propositions
- Lectures 10-14 Part 3 - Service delivery for value capture, Shaun West
 - Ecosystems and managing co-delivery
 - Resource management
 - Risk management, legal and controlling
 - Culture change
 - Service business benchmarking
 - Managing the installed base
 - Service company processes
 - Customer experience management

Teaching and learning methods

- Lectures
- Group work, presentation and discussion of case studies
- Self-study of papers and analysis of business case studies.

Assessment

Certification requirements

Module uses certification requirements

Certification requirements for final examinations (conditions for attestation)

All students must have successfully completed both the individual and group work.

Basic principle for exams

As a rule, all standard final exams are conducted in written form. For resit exams, lecturers will communicate the exam format (written/oral) together with the exam schedule.

Standard final exam for a module and written resit exam

Kind of exam

Written exam

Duration of exam

120 minutes

Permissible aids

Aids permitted as specified below:

Permissible electronic aids

Calculator

Class notes

Dictionary

Case study provided for the exam

Other permissible aids

No other aids permitted

Special case: Resit exam as oral exam

Kind of exam

Oral exam

Duration of exam

30 minutes

Permissible aids

Aids permitted as specified below:
